

**GENERAL OPERATION PERMIT APPLICATION**

attachment to Form 4530-141, question #8

## 8. Stack and Capacity Parameters for Each Diesel Engine

	diesel engine #1 use engine serial #	diesel engine #2 use engine serial #	diesel engine #3 use engine serial #	diesel engine #4 use engine serial #
Discharge height above ground level (feet)				
Diameter or length and width of stack at outlet (feet)				
Exhaust flow rate (ACFM)				
Exhaust gas temperature (°F normal)				
Exhaust gas discharge direction (Up/Down/Horizontal)				
Is this stack equipped with a rainhat or any obstruction to the free flow of the exhaust gases from the stack? (Yes/No)				
Rated capacity of engine (hp)				
Fuels used				
Serial Number				
Make				
Model				
Date
